PROJECTS

Alumni Bridge

https://github.com/shwetaaSawlani/Alumni_Bridge

- Built a community-driven web application to connect alumni and current students of an institution. The platform facilitates networking, mentorship, job referrals, event updates, and knowledge sharing among alumni and students.

Briefly

<https://github.com/shwetaaSawlani/Briefly>

- A full-stack AI-powered web application that fetches real-time news using the Gnews API and generates short, intelligent summaries using Google Gemini AI. Built with MERN stack and Prisma ORM for database interaction.

Echo Stories

<https://github.com/shwetaaSawlani/blogging>

- Developed a blogging website using Mern Stack allowing users to register, create, edit and delete Users, blog posts and comments.
- Integrated JWT-based authentication and MongoDB Atlas for secure user management and data storage

CERTIFICATIONS

- DBMS - NPTEL
- Java Full Stack -Wipro
- React.js - Coursera
- Node.js - Coursera
- Claude AI – Skill Nation
